Dear Ms. Henney,

I am determined to avoid consumption of irradiated foods, both at the supermarket and at restaurants, and I need your help in doing so. I feel that it is extremely important that people be given a choice and that irradiated foods be labeled with a prominent, easy-to-read disclosure on the front of the package so that there will be no confusion as to what the consumer is purchasing. I also feel that restaurants serving irradiated foods should be required to disclose that fact to their customers.

Thank you for your time and consideration of this matter.

Sincerely,
